

PRESS RELEASE 30th DECEMBER 2010

New Kidz Crew CD goes number 1* (*in many Mum's and Dad's cars)

Last year **Kidz Crew**, the Brissy based band just for Kidz, released their first children's CD of songs and music called **Preschool Musical**. **Kidz Crew** knew they had lots more in their giggle bag so wrote and recorded 10 brand new songs to make you laugh, chortle, guffaw and sing along.... and imaginatively called it '**Preschool Musical Too.**'

WHAT WAS THE INSPIRATION FOR PRESCHOOL MUSICAL TOO?

The Kidz Crew were inspired by *"the smiles at kids' parties and the Mums and Dads who had already learned all the words"*. Many times they were asked not just for another song but for another CD full of songs... especially ones you could sing really loud that make dogs dance, put smiles on tortoises and give cats the ability to make cakes. Kidz Crew, for legal reasons, can't promise **Preschool Musical Too** will make this happen but are talented and silly enough to dream it just might.

WHO FATHERED THIS GIGGLING CHILD?

Brett Johnson is the creative force behind Kidz Crew and **Preschool Musical Too**; Brett, a multi-skilled and talented musician and producer, opened his own recording studio in 1996 and has created many award winning music tracks and Jingles... and a couple of duds that won't get a mention here. *"After I wrote and produced the first Kidz Crew CD I found the positive atmosphere in the studio really inspired me to write more... and I believe you can hear that happy vibe on the new album"* Brett has recorded music industry biggies such as Crowded House, Julian Lennon and The Angels so forming 'Kidz Crew' was more a labour of love *"... what should have been the traditionally 'difficult second album' actually seemed easy and even more fun to produce"* smiles Brett.

WHAT SONGS ARE ON THE NEW CD?

TOAST- Toast is basically sunburned bread you put soothing spreads on and, well... it's just great to sing about!

ALPHABET BACKWARDS- This says it all with a new challenge for you- can you say the alphabet backwards too?

OWW THAT'S MY TOE- You're going to yell this more than twice in your life, so why not sing it instead!

FAIRIES IN THE GARDEN- Kidz Crew have found fairies in the garden- so check before you spray!

I WANNA BE...- Do you know who you want to be? Then sing it to the world- it's a musical job application!

ARE WE THERE YET?- The whingey-poo question that even parents will sing - ahhh sweet rhyming retaliation.

LOW FLYING EMU- It's as rare as a smile on a fish, but this is the one and only low flying emu- the hit of the CD!

GOTTA PUT YOUR STUFF AWAY- No longer a bore-chore and you get to see what your bedroom floor looks like.

IN THE BATH- Congratulations, this is the 1 millionth song written about bath time- so you're already a winner!

KIDZ CREW FUNKY HOUSE TOO- The original has been tweaked and coolified into a version TOO so... dance.
